District Legislative Committee ///Gigi Gallagher Met on Tuesday (March 12), they support the March 16 rally. At this rally, there are appointments set up for students to meet with their legislators No yearly luncheon this year. The message from our legislators is that we are preaching to the choir. The ones against support of community colleges are all in the south and our approaching them would not mean anything as our votes do not count in their area. An education forum event would be ideal for the end of April, before the May election. It could potentially include the two college presidents, two superintendents from local High Schools with Martha Kantar and Joe Simitian serving as moderators. The May elections this year are critical as there are six money initiatives are on the ballot. Friday is a special event to celebrate the cooperative program between FHDA, NASA/AMES, SJSU and UCSC. It celebrates a 95 year lease with these groups and the Federal Government. Legislative goals moving through Chancellor's Council to the District Board. Classified Recognition Week ///Erin Ortiz This year's Appreciation Week will be the week after the District-wide retreat. The big party will be Friday, May 15. Erin wanted to know if there was a meeting maker just for Classified Staff. Someone stated that there is one for Foothill Classified Staff, but it does include the district. We have to decide whether to include Central Services, but since they do have their	Classified Week Update Slated for week after the District-wide retreat. Big party 5/18.

<p>Employee Recognition Awards///Stephanie Franco A list was passed around of who has ever received an employee of the month/quarter. Anyone is eligible to be an Employee of the Quarter as all restrictions have been lifted. There is a need for a nomination committee as the election for new officers is in May, with new officers starting on July 1st. It is possible to begin the nominating process at this year's retreat.
