### Notes

1. Students whose primary language is not English are generally better served by ESL courses. Students who have studied for at least six years in a school where all courses are taught in English might do well in the English sequence.
2. ESL students must progress through the ESL course sequence until they pass ESL 26 or until they qualify for English on the English assessment.
3. Students who will transfer to CSU may skip ENGL 1A and take ENGL 1B after ESL 26, but it is not recommended. Students who will transfer to UC may take ENGL 1A before ENGL 1B.

\*Not blocked; assessment test not required. \*ESL 26 fulfills CSU Area A-2.
