

Mastering Chemistry Registration, Access, and Enrollment Instructions

A portion of your overall grade will be the use of an online homework program called Mastering Chemistry. *It is important that you do not enroll in Mrs. Crevier's Mastering Chemistry online course unless you are also a registered student in her Chemistry 25 Foothill College course.*

STEP A: New Student Registration

You will need (1) a valid email address and (2) an access code (an access code is provided at no additional cost with the purchase of a new text from the college bookstore otherwise you must purchase access separately at www.masteringchemistry.com).

1. Access www.masteringchemistry.com from your web browser and click **New Students** under Register (bookmark the register/log in webpage for easy access in the future).
2. Click **Yes, I have an access code** otherwise you must at this time purchase access (select **No, I need to purchase access online now** and follow the on-screen instructions).
3. Scroll and select your text for this course: Tro, Introductory Chemistry, 3e. *It is not recommended that you buy access to the eBook unless you are one with your computer.*
4. After accepting the License Agreement and Privacy Policy and creating a **Login Name** and **Password**, type in your **Access Code** in the provided fields (enter only one word per box).
5. Enter your **First Name**, **Last Name**, and a valid **Email Address**.
6. Select your **Country** and enter the **Postal Code** for Foothill College (**94022**).
7. Choose and answer a **Security Question** in the event that you ever forget your login information.
8. After selecting **Next** to submit your registration for processing, you will receive a Confirmation and Summary page with your registration information (this same information will also be emailed to you).

STEP B: Registered User: Enrolling in Your Course

You must now enroll in your specific Mastering Chemistry course to be included in Mrs. Crevier's online gradebook. *It is important that you enroll into the Mastering Chemistry online course specific to your section.*

9. Click **Log In Now** if you are continuing from the Confirmation and Summary page (or simply access the register/log in webpage from the bookmark you created in Step A).
10. Use the **Course ID** that is specific to your Chemistry 25 section (a special **Student ID** is not required for your course):
 - a. If you are a registered student in Chemistry 25 Section 1 (you have a laboratory session on Wednesdays) then your **Course ID** is **CREVIERCHEM25SEC1**.
 - b. If you are a registered student in Chemistry 25 Section 2 (you have a laboratory session on Tuesdays) then your **Course ID** is **CREVIERCHEM25SEC2**.
 - c. If you are a registered student in Chemistry 25 Section 3 (you have a laboratory session on Thursdays) then your **Course ID** is **CREVIERCHEM25SEC3**.
11. Click **Save** to view your Mastering Chemistry course home page (every time you log in, you will go directly to this home page).
12. Click **Assignment List** on the left to get started on the first assignment that will teach you how to use the program.
