❖ **Equity in the COR:** At the January 24th meeting, CCC continued discussing the draft [Guiding Principles for Equitable CORs](#) document, which will serve as a resource for faculty when creating or updating CORs from an equity perspective. Full-group discussion centered around determining the ideal tone to set for the document, which was followed by breakout groups, each of which focused on a specific section of the document. Refining and finalizing this document is our top priority for the next few CCC meetings, to meet our goal of forwarding a final draft to Academic Senate for review by the end of winter quarter. We welcome your feedback and expertise and encourage you to join us as we continue to work on the document during our meetings on February 7th and 21st—please reach out to anyone on the CCC Team, if you are interested.
