Meeting Minutes:

- ❖ A discussion on increasing units within the COR's in the Plumbing courses was held between 2/13/2020-2/18/2020 online. After an extensive review of the current Plumbing curriculum, it was discovered that lecture and lab hours were not aligned with the current curriculum. A table was provided that captured current units in lecture and lab hours and proposed units based on current curriculum for lecture and lab hours. Stephen Cry made a motion to approve the unit changes in all the reviewed Plumbing COR's and Peter Chursin seconded the motion. An unanimous vote for approval by the ACC was accepted to move forward in updating the lecture and lab hours to align the units with the current curriculum.
