Minutes

GE requests for KINS 16A, B, and C by Warren Voyce. To maximize enrollment it would be in best interest to add them to Area VII. *Vote approved 4-0*

KINS 50 has recently been approved to transition to a UC transferable class. In order to do this we must change KINS 50 to KINS 5 to match our course catalog. Furthermore, committee agreed that this class can move to next step in curriculum process. *Vote approved 4-0*

The committee discussed and ultimately decided that in order to stay relevant in the field of Kinesiology we are going to have to start offering online activity classes. More discussion and a sub committee may be needed to implement.

Meeting adjourned at 12:47 pm
