COUNSELING

FEEDBACK

There is uncertainty around how to connect with counselors.

MAIN THEMES STUDENT CONCERNS

How do you find counselors contact information?

What do you do if you cannot get an appointment?

What if there are no available appointments with counselors for new students?

What are ways to get in contact with a counselor when all days are booked/unavailable?

STUDENT GROUPS

FEEDBACK

Students would like more information relevant to their enrollment type.

“One thing I wondered was if it was ok/how things differ if you are **taking classes but not looking to earn a degree** (i.e., to fulfill requirements for a graduate level program)”

“I think there should be more information about students who may be continuing their education but **already have a bachelor degree.**”

“Something that wasn’t covered in this orientation that should have been includes the process/steps that a high school student taking **dual enrollment** should take.”

“I felt a little confused at some parts because I am not a full-time community college student but am taking summer classes to transfer credits over to a 4-year university. **Sometimes, I did not know what information applies to me.**”
