Sustainability Goals

Foothill-DeAnza SUSTAINABILITY GOALS

Sustainability Goals

Six Areas of Focus

Energy

Continue as a leader in energy efficiency, manage energy use at district level

Water

Manage building and site water use to conserve water

Health

Promote healthy living culture, and provide a safe and healthy environment

Educate

Nurture environmental stewardship and literacy across the campus, educate and prepare students for the green workforce

Monitor

Set high bars for building performance goals, with consistent monitoring and routinely report

Recycle

Promote a culture of reduce, reuse and recycle

Sustainability Goals

Energy

Continue as a leader in energy efficiency, manage energy use at district level

Reduce Energy Consumption / Increase Energy Efficiency

- Use efficient appliances, equipment and computers
- Encourage change of behavior in lighting and HVAC use

Increase Self-generated Energy Capacity

- Incorporate renewable energy at appropriate locations

District-wide Energy Management

- Establish new Building Management System for entire district
- Establish District Energy Manager Position
- Establish District-wide guidelines for heating and cooling of facilities

Water

Manage building and site water use to conserve water

Water Use Reduction and Control / Water Use Planning & Water Map

- Optimize building water efficiency

Incorporate Smart Irrigation / Non-Potable Water Opportunities

- Incorporate xeriscape / drought-tolerant plants
- Convert current irrigation system to smart system
- Encourage rainwater harvesting

Health

Promote healthy living culture, and provide a safe and healthy environment

Provide Healthy Food & Beverages

- Provide natural / organic food at cafeteria

Improve Indoor /Outdoor Air Quality

- Provide access to natural ventilation + light through operable windows
- Commit to initiate tangible actions to reduce greenhouse gases

Provide Public Transit Access

- Create Foothill-De Anza bus line and/or carpool system

Be Responsible for Environment Health and Biodiversity

- Commit to ecologically responsible landscaping, installation and maintenance

Sustainability Goals (continued)

Educate

Nurture environmental stewardship and literacy across the campus, educate and prepare students for the green workforce

Engage Campus Community in Sustainability Awareness

- Develop themes and messages to encourage and promote sustainability practices across the campus

Promote Sustainability in Curriculum

- Create additional curriculum and program on sustainability and green workforce,
- i.e., environmental education, renewable energy and energy management, and organic agriculture
- Broaden on-site green-collar workforce training program

Monitor

Set up high bars for building performance goals, with consistent monitoring and routinely report

Promote Green Building Construction and Renovation

- Outperform Title 24 Standards for all new buildings
- Target for LEED Certification for all new buildings

Monitor and Report

- Develop methods to monitor consumption activity and routinely report

Recycle

Promote a culture of reduce, reuse and recycle

Hazardous and Solid Waste Reduction and Control / Minimize Waste Generation

- Maximize use of recyclable materials
- Make recycling easy by providing paper recycling receptacles in classrooms

Green Purchasing and Procurement Controls in the College Supply Chain

- Strongly encourage the use of vendors that demonstrate their commitment to sustainability
- Implement managed print service

FOOTHILL CAMPUS RECOMMENDATIONS

Facilities Planning Principles

Promote **Student Success**

- Reduce barriers and facilitate equitable access to programs and support services
- Develop indoor and outdoor spaces to encourage collaboration and support student engagement
- Develop campus as a welcoming and nurturing environment

Improve Campus **Connectivity**

- Provide safe and universally accessible connections
- Enhance physical connections (pedestrian, bike, vehicular, transit) with the community and other campuses
- Utilize technology to enhance and create more dynamic learning environments, tools, and equity for students, faculty, and staff.

Improve **Efficiency** of Facilities

- Improve facilities to support program needs
- Replace temporary and inefficient facilities
- Improve functional zoning and operational efficiencies
- Develop flexible, multi-purpose facilities to adapt over time

Right-Size Facilities to Address Program Needs

- Align the projected inventory with state guidelines
- Position Foothill College to maximize state and local funding

Enhance **Community Engagement**

- Develop programming and improve facilities to enhance a sense of community
- Improve campus environment to welcome the community

Improve **Security and Safety**

- Develop and implement district-wide standards for security equipment and protocol
- Improve safety and security throughout campus, including lighting, pathways and parking areas

Support **Stewardship of Resources**

- Engage campus community in sustainability awareness
- Involve students in all aspects of sustainability
- Monitor / measure energy consumption
- Promote physical activity and other health-related programs
- Prioritize well-being, health and comfort in design of facilities

Draft Recommendations

Facilities Recommendations

Improve **Efficiency** of Facilities

Improve facilities to support program needs

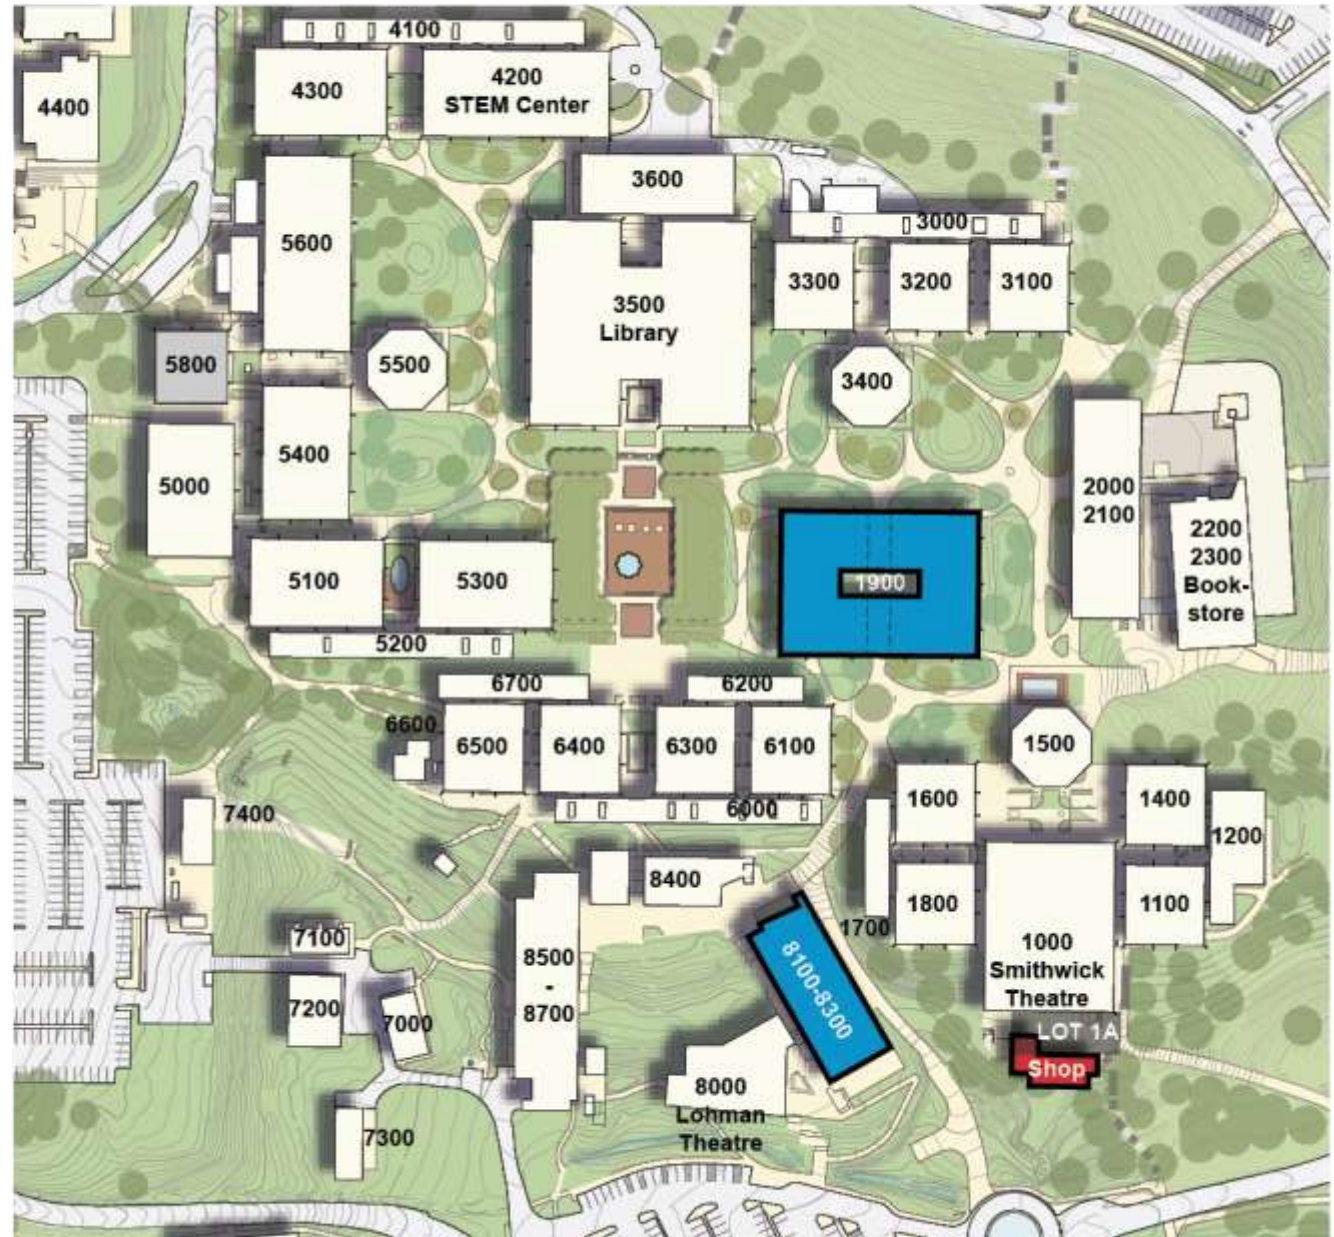

Promote **Student Success**

Reduce barriers and facilitate access to programs and support services

- Build expansion space to support Theater program needs
- Shift non-student focused spaces to lower campus
- Relocate core student support services to center of upper campus

Scale
1" = 200'

■ New Facilities
■ Repurposed Facilities

Facilities Recommendations

OPTION 1

- Shift administrative functions to lower campus
- Relocate select student support services to center of upper campus
- Integrate student support services with instructional support services
- Re-purpose building 8100-8300 to support first contact student services and administrative functions

Site Recommendations

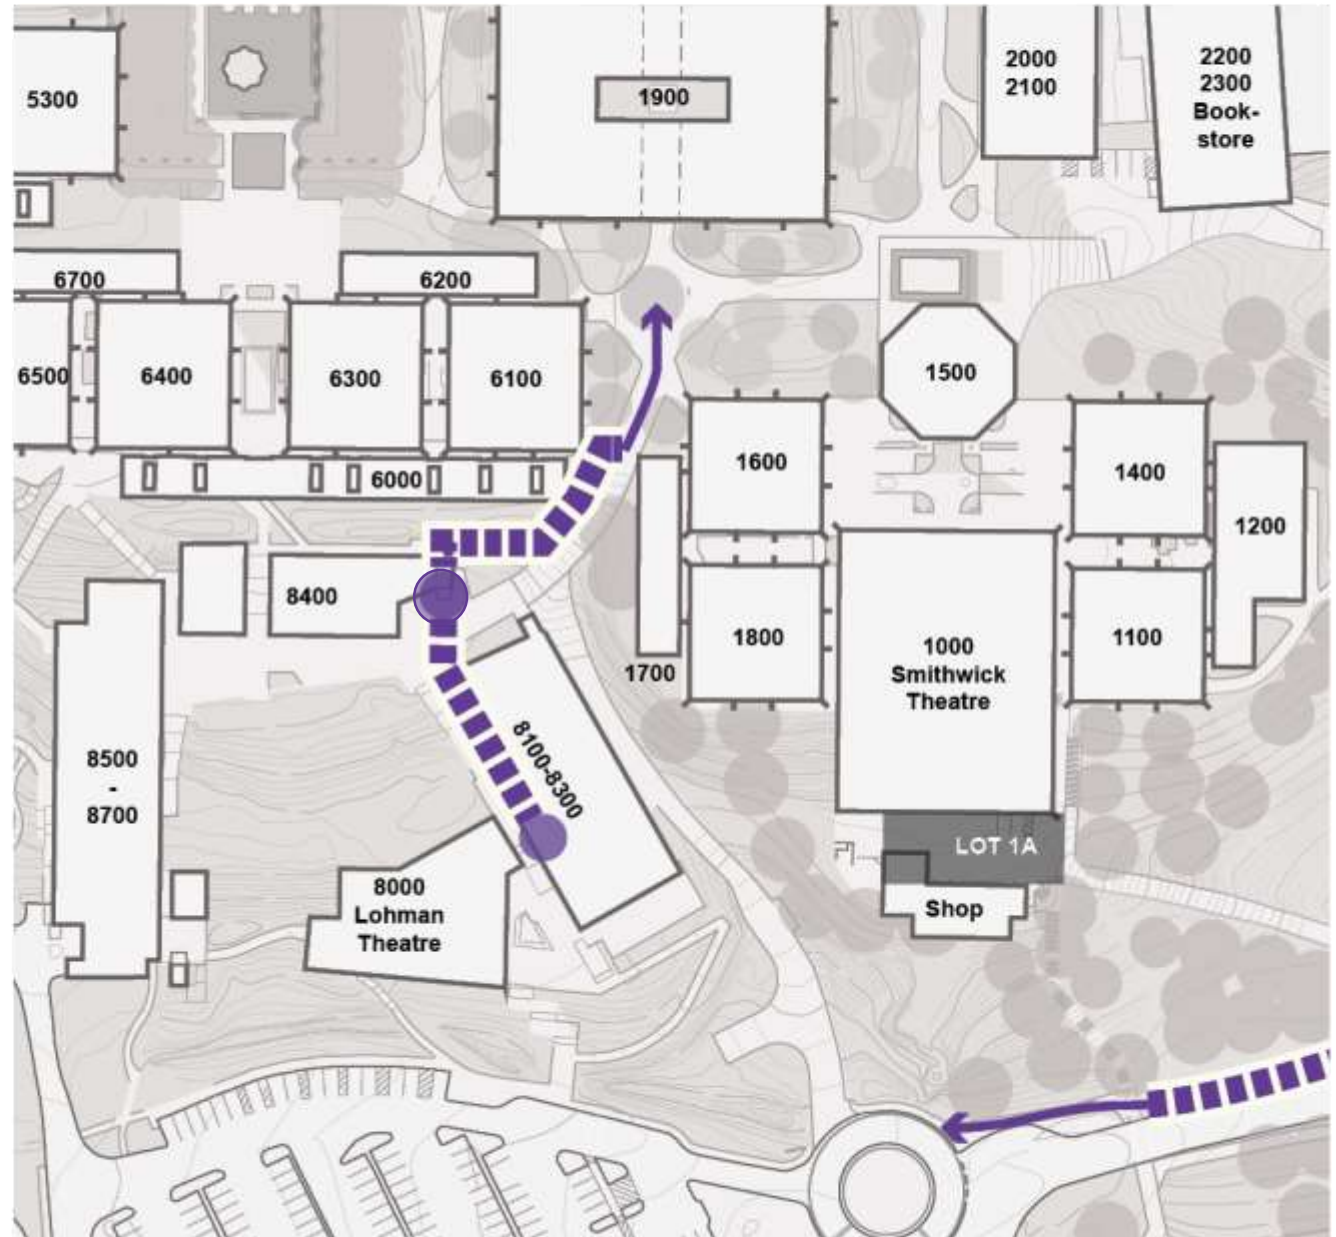

Improve Campus Connectivity

*Provide Safe and Universally
Accessible Connections*

- Improve connection between upper and lower campus

- Improved Connection
- Reconfigured Parking

Site Recommendations

Improve Campus Connectivity

*Provide Safe and Universally
Accessible Connections*

- Develop accessible connection between campus core and New District Office building (scheduled to break ground – Fall 2016)

Scale
1" = 120'

■ Improved Connection
■ Reconfigured Parking

Site Recommendations

- Improve pedestrian crossings at Lots 2 and 3
 - Suggested recommendations include:
 - Textured paving or
 - Speed humps
- Further study needed

Scale
1" = 120'

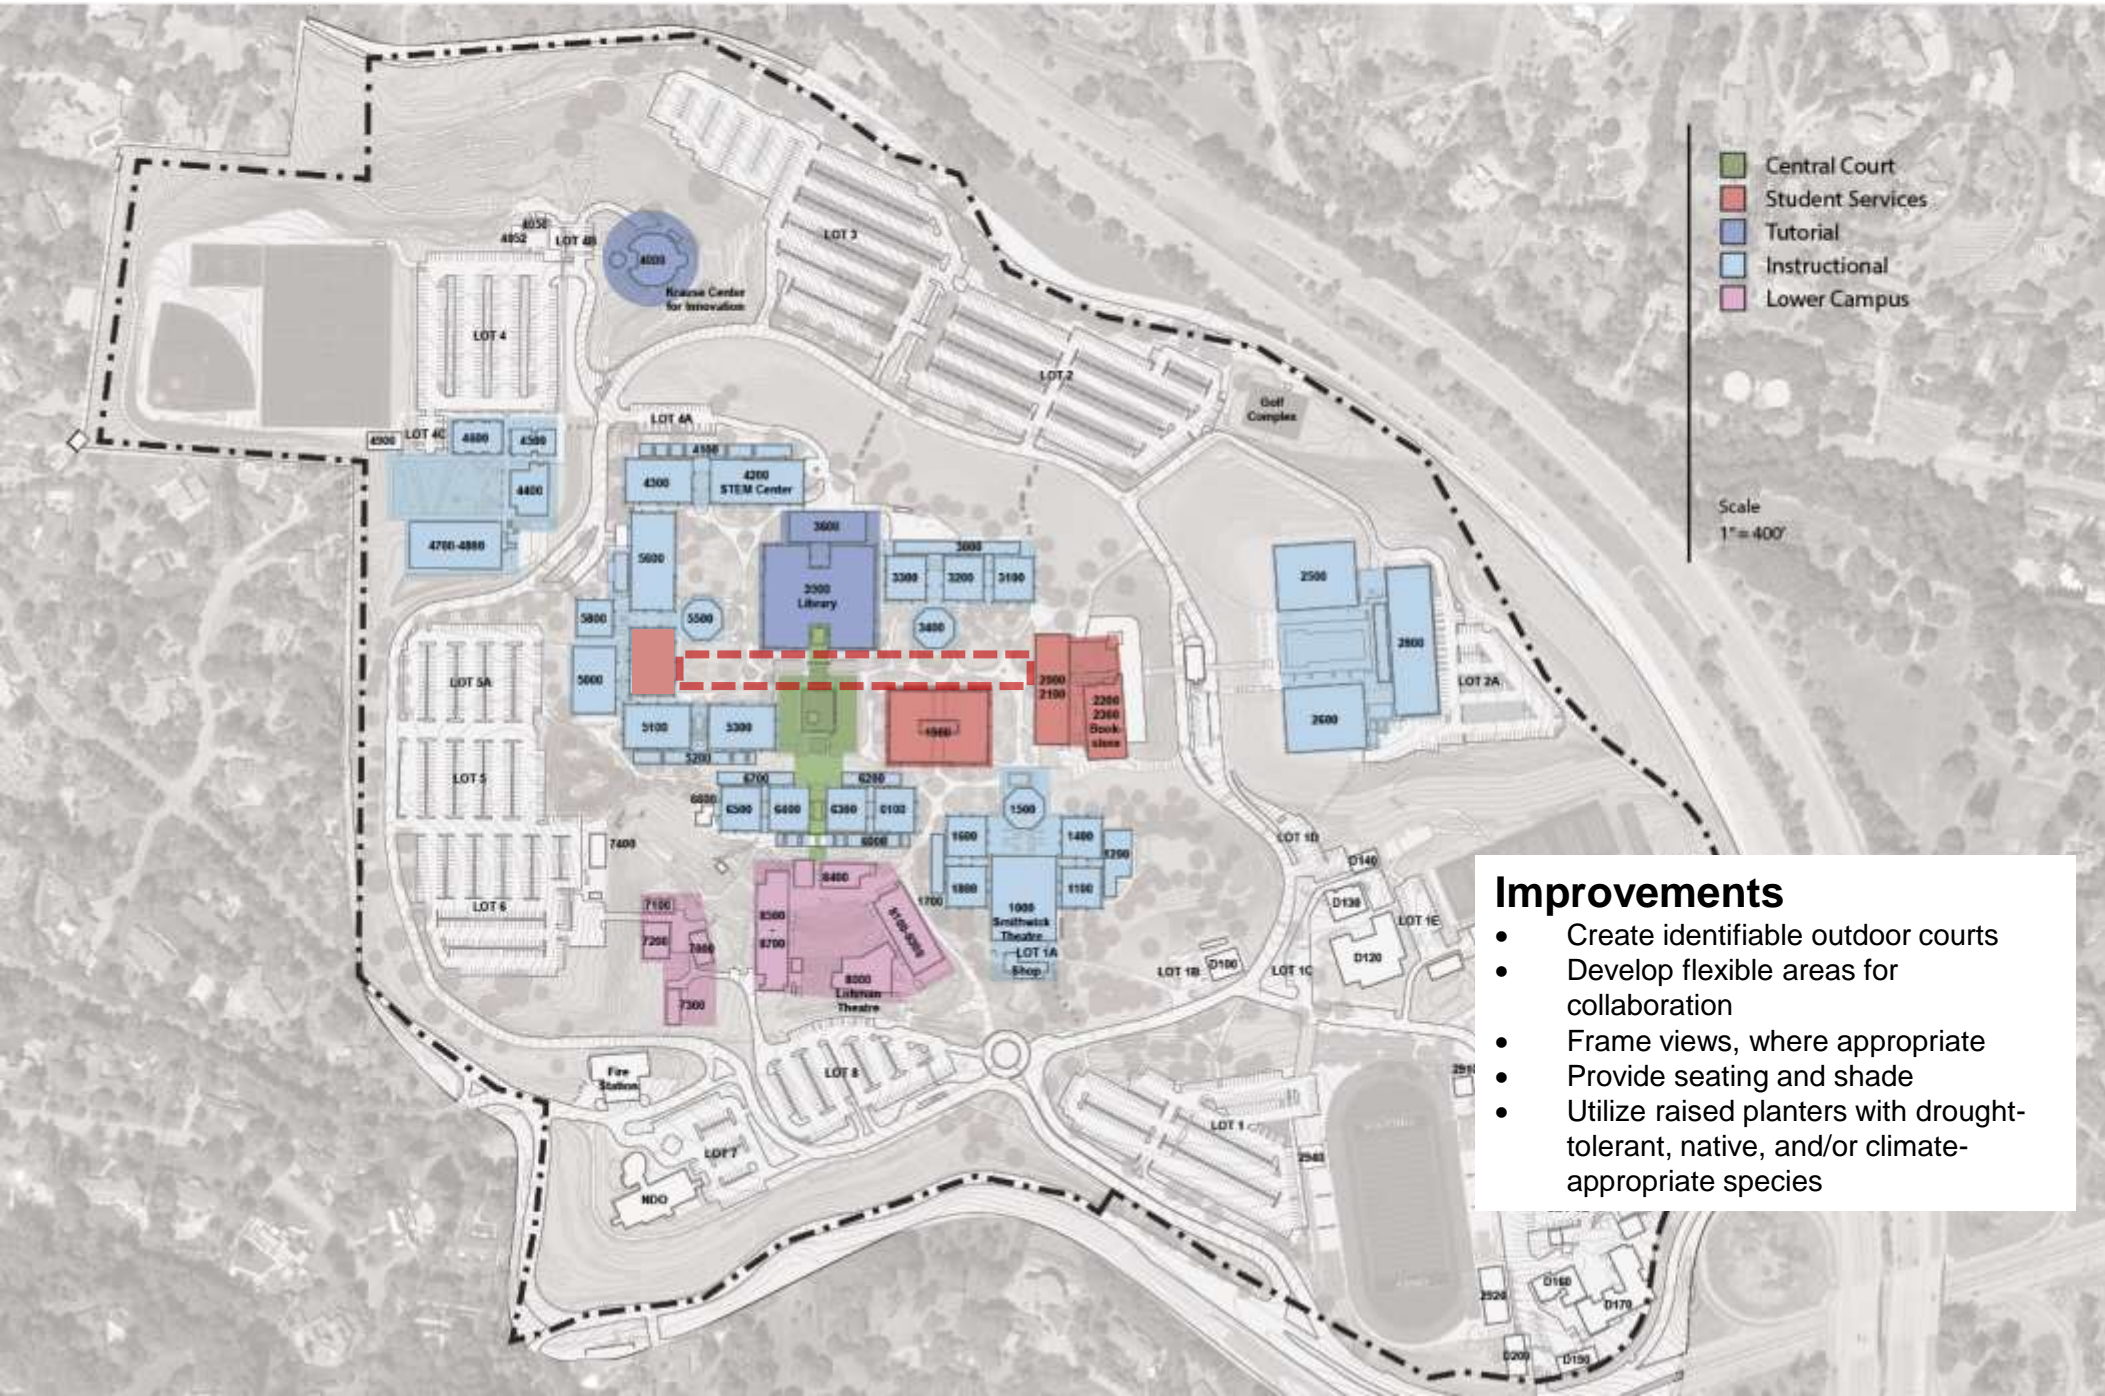

Improved Connection

Site Recommendations

Promote **Student Success**

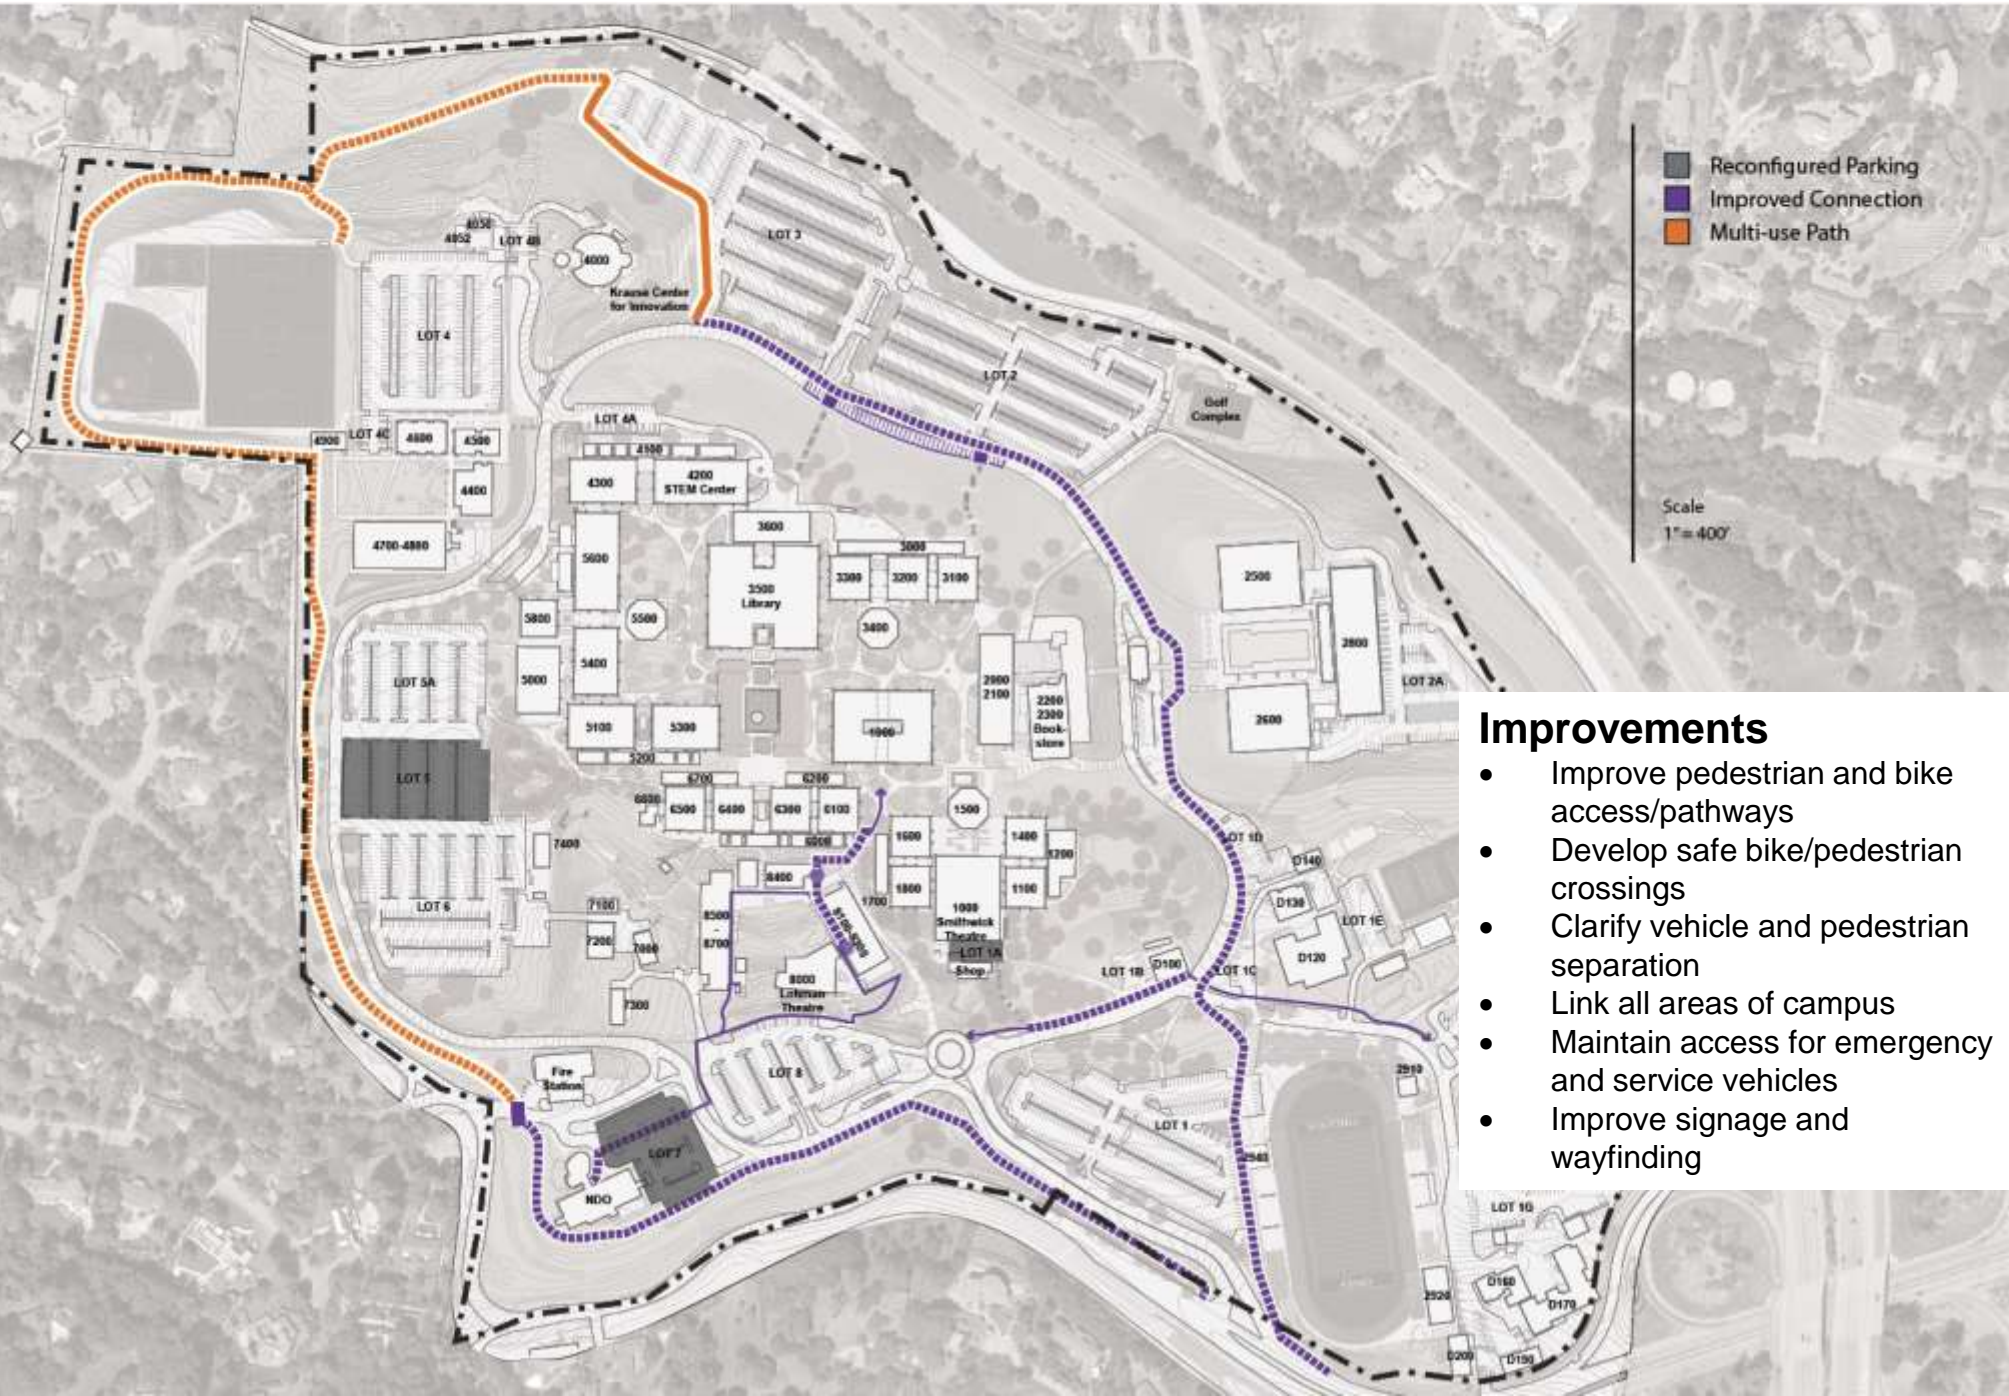

- *Develop indoor and outdoor spaces to encourage collaboration and support student engagement*

Site Recommendations

Improve Campus **Connectivity**

- Enhance physical connections (pedestrian, bike, vehicular, transit) with the community

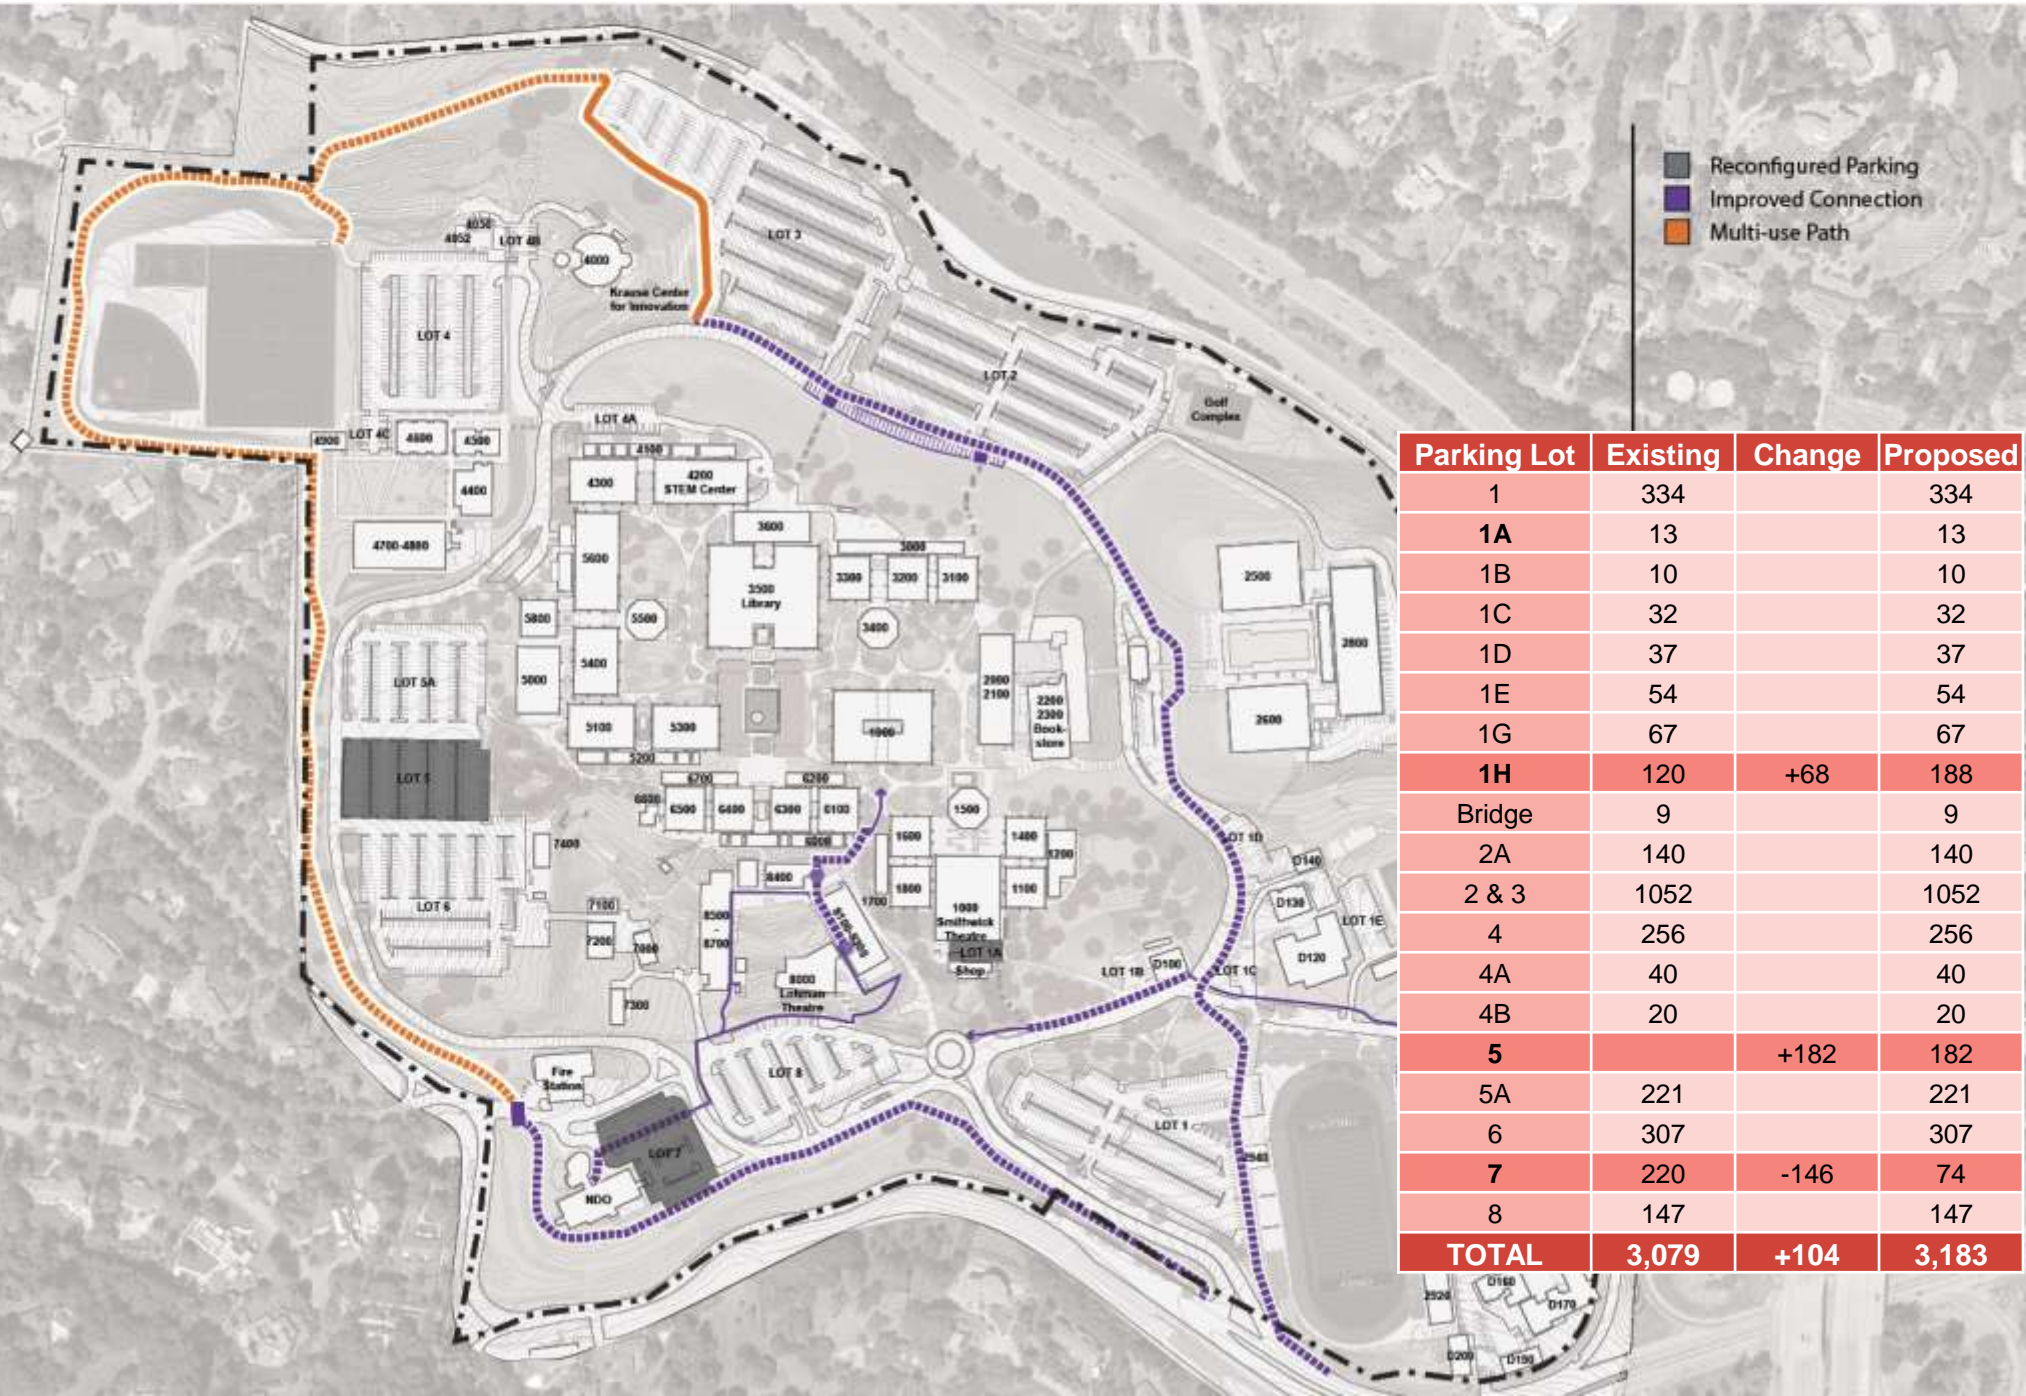

Improvements

- Improve pedestrian and bike access/pathways
- Develop safe bike/pedestrian crossings
- Clarify vehicle and pedestrian separation
- Link all areas of campus
